## AGREEMENT IN LIEU OF AN EROSION AND SEDIMENT CONTROL PLAN FOR A SINGLE FAMILY RESIDENCE

Land Disturbance Permit # \_\_\_\_\_

Zoning Permit # \_\_\_\_\_

Building Permit # \_\_\_\_\_

In lieu of an erosion and sediment control plan for the construction of this single family dwelling, I agree to comply with any reasonable requirements determined necessary by the Brunswick County Erosion and Sediment Control Program Administrator. Such requirements shall be based on the conservation standards contained in the Brunswick County Erosion and Sediment Control Ordinance, and shall represent the minimum practices necessary to provide adequate control of erosion and sedimentation on or resulting from this project.

As a minimum, all disturbed areas on the lot shall be stabilized within seven (7) days of final grading with permanent vegetation or a protective ground cover suitable for the time of year.

I further understand that failure to comply with such requirements within three (3) working days following the notice by the Administrator could result in citation for violation of the Brunswick County Erosion and Sediment Control Ordinance.

Measures specified by the plan approving authority: **All lots for construction of new single family dwellings, modulars, additions, accessory buildings, and manufactured homes where a minimum of 10,000 square feet will be disturbed, shall install silt fencing to control erosion. Permanent and temporary seeding shall be used to stabilize site.**

Signature of Landowner: \_\_\_\_\_ Date: \_\_\_\_\_

Party Responsible for Erosion and Sediment Control (if different from landowner): \_\_\_\_\_
